---

KCPRO East is a non-profit organization that has been around since 1991. We have oval ice races for children ages 4 – 14. KCPRO encourages friendship and sportsmanship through competitive racing from the Beginning Racer to the more experienced Modified Racers. KCPRO is a great organization and offers family fun, an entertaining atmosphere, and a great way to spend the Minnesota winters.

---

We have 16 different categories that the kids race in depending on their age and race experience.

Each racer receives awards and goodie bags at the ceremony following each race.
